

STEPHANIE MCGLATHERY

OBJECTIVE To acquire a position with a company that will provide me with an opportunity to learn and grow while becoming a better programmer.

SKILLS PHP (LAMP)
JavaScript/jQuery/AJAX
HTML/XHTML/CSS3
GIT

WORK HISTORY **PHP DEVELOPER / PROJECT MANAGER, BAKER MEYERS & ASSOCIATES, NASHVILLE, TN**
09/2012-Present

- Building an Admin site from scratch to manage Dealer Services, Employees, Accounts Receivable, and Payroll for ClassifiedRide.com.
(<https://github.com/stephmcglathery/ClassifiedRideAdmin.git>)
 - I am the only one on this project (front-end as well as back-end). I created the MySQL Databases and hand-write the code.
 - Utilized an AJAX log-in for the 4 log-in Systems, Java-Script form validation on all forms, J-Query Infinite-Scroll and J-Query Auto-Complete Search.
- Help maintain other sites. (PHP & A Little Java)

MANAGER, SYNC INNOVATIONS, NASHVILLE / BIRMINGHAM, / DOTHAN / HUNTSVILLE /CLARKSVILLE
02/2011-09/2012

- Opened & managed satellite offices (Marketing firm that has partnered with The Exchange)
 - Recruited, Hired/Terminated, Trained, Developed, Promoted, Motivated, and Managed crew
- Maintained network and computers in offices

LEAD EMAIL MKTG COORDINATOR, AFFINITY GROUP, BOWLING GREEN, KY
09/2006-01/2011

- Code emails and landing pages from PSD, image, PDF or from scratch into clean and organized HTML
- Coordinate the coding/implementation/deployment of all marketing email campaigns using DM5 (led all weekly status meetings)
- Act as QA resource on all email campaigns during testing and final deployment
- Troubleshoot technical issues if problems arise with the tracking, implementation, or deployment
- Responsible for writing & maintaining the Standard Operating Procedure for the email department
- Train new employees / Code Review.

EDUCATION **B.S. COMPUTER INFORMATION SYSTEMS, WESTERN KENTUCKY UNIVERSITY, BOWLING GREEN, KY**
Minor in Entrepreneurship
